

# **Alpena Advisory Committee Meeting Minutes**

3/22/22

## **Scheduled**

Virtual Meeting scheduled on 3/22/22 at 1300

## **Announcements**

- 1) NEMMCA website is officially live!
  - In a few days the link that has been accessible on Google Drive will be pulled and become unavailable.
  - All protocols including updated ones can be found on website.  
<https://nemmca.com/>
  
- 2) New Drug Boxes
  - Soft rollout of new drug boxes started today
  - As your agencies use old drug boxes when exchanging grab new one so they will slowly be distributed without overwhelming pharmacy.

## **Protocol Review**

- 3) 14.12 COVID Rapid Antigen Testing
  - Only change was a flowchart was added.
  
- 4) 14.5 Infection Prevention Protocol (This is a protocol we did not adopt previously)
  - Everybody must wear eye protection with all patient encounters
  - Drivers wear N95 when loaded.
    - All were still in favor of not adopting
  
- 5) We will be taking a pause on reviewing protocols until the State releases the update.

## Case Review

- 6) Trauma review of a run that was done well by all parties!
- 59/M trauma patient
  - Machinery accident where extremity was amputated.
  - Coworkers provided first aid including tourniquet application and proper limb preservation before EMS arrived on scene
  - 10minute scene time
  - 23 minutes total in transportation time from dispatching to ER arrival
  - Patient was given fentanyl enroute.
  - Patient was in ER for 127 minutes, 105 of those minutes was waiting on plane for transport.
  - Great job ER and EMS and coworkers for your quick and efficient actions!
- 
- Board of Directors Meeting April 6 @ 800
  - Next Advisory Meeting May 3<sup>rd</sup> @ 1300
